Library Materials List(To be used)

No.	Title	Publisher	Publication Year	Call No.

How to describe...

- Search materials for the research at the National Library of Korea website and describe the bibliographic information of the materials.
- Can be replaced by a list (excel format) exported from the National Library of Korea website.
- Foreign materials without search results can be applied for collection. Contact the Research Information Services desk
- In addition to print materials, you can also describe the scholarly databases you want to use.
